SUBJECT:

1. As per your request of yesterday, I am attaching a list of 24 titles of articles appearing in OCI weeklies which may be of use to you in the survey you are now making. The articles cited have been pulled together and are being held for your inspection should you be interested. I doubt very much that the kind of thing we do in such articles will meet your need.

2. Although the attached list is classified TOP SECRET, some of the articles themselves have borne a CODE WORD designation.
